

## How to Authenticate This Official PDF Transcript

This official PDF transcript has been transmitted electronically to the recipient, and is intended solely for use by that recipient. It is not permissible to replicate this document or forward it to any person or organization other than the identified recipient. Release of this record or disclosure of its contents to any third party without written consent of the record owner is prohibited.

This official transcript has been digitally signed and therefore contains special characteristics. This document will reveal a digital certificate that has been applied to the transcript, and for optimal results, we recommend that this document is viewed with the latest version of Adobe® Acrobat or Adobe® Reader. This digital certificate will appear in a pop-up screen or status bar on the document, display a blue ribbon, and declare that the document was certified by Parchment, with a valid certificate issued by GlobalSign CA for Adobe®. This document certification can be validated by clicking on the Signature Properties of the document.

**The Blue Ribbon Symbol:** The blue ribbon is your assurance that the digital certificate is valid, the document is authentic, and the contents of the transcript have not been altered.

**Invalid:** If the transcript does not display a valid certification and signature message, reject this transcript immediately. An invalid digital certificate display means either the digital signature is not authentic, or the document has been altered. The digital signature can also be revoked by the transcript office if there is cause, and digital signatures can expire. A document with an invalid digital signature display should be rejected.

**Author Unknown:** Lastly, one other possible message, Author Unknown, can have two possible meanings: The certificate is a self-signed certificate or has been issued by an unknown or untrusted certificate authority and therefore has not been trusted, or the revocation check could not complete. If you receive this message make sure you are properly connected to the internet. If you have a connection and you still cannot validate the digital certificate on-line, reject this document.

The current version of Adobe® Reader is free of charge, and available for immediate download at <http://www.adobe.com>.

**ACCREDITATION** - The University of Utah is accredited by the Northwest Commission on Colleges and Universities. Accreditation covers all courses and programs offered at all campuses of the University of Utah. See the general catalog for other accreditations.

**ACADEMIC CALENDAR** - The University of Utah converted to a semester calendar Fall 1998. A standard semester contains approximately sixteen weeks of instruction, including final examinations. The academic year consists of Fall and Spring semesters with a Summer term.

**CREDIT HOURS** - A University credit hour represents approximately three clock hours of the student’s time a week for one semester. All credit hours beginning Fall semester 1998 are semester hours. Unless otherwise noted, all credit hours through Summer quarter 1998 are quarter hours except Law courses with a # sign in the Units column indicates semester hours.

**ACADEMIC STANDING** - Student is in “good standing” and eligible for continued enrollment unless otherwise noted. For further information on disciplinary notations, contact the Dean of Students at 801-581-7066.

**ACADEMIC RENEWAL** - A currently-enrolled, degree-seeking undergraduate student may petition the Academic Advising Center for academic renewal. This procedure allows the student to request their academic record be reviewed for the purpose of discounting University of Utah courses with a D+ or lower grade on the student’s academic record. The courses must have been taken seven or more calendar years prior to the request. If approved, the discounted courses will remain on the student’s academic record (and the grades received for the courses will be shown with a message below the course), but the discounted courses and grades received for them will not count towards total hours, cumulative grade point computation, or graduation requirements. The renewal option can be used only once during a student’s undergraduate career. This procedure does not apply to graduate students or to student pursuing a second undergraduate degree.

**MESSAGE BELOW A COURSE** - Additional information pertaining to a course (e.g., Honors, Correspondence, etc.), or courses which fulfill General Education requirements.

**DEGREE AND TRANSFER CREDIT** - Any information displayed reflecting degrees awarded by, or transfer credit accepted from, other institutions should be verified with the original institution for accuracy. Transfer grades are not computed into the University of Utah’s GPA.

**COURSE REPEATED** - Repeated courses have the following message below the course, “Repeated – Exclude from GPA” for each attempt, except the last attempt, when a course has been repeated. Only the last attempt/grade is computed in the GPA.

**GRADE POINT AVERAGE** - The grade point average is based on all courses in which the student was enrolled and grade points were earned. The grade point average is calculated by dividing the number of total grade points by the number of total course hours (GPA = TGP/TCH). Credit hours are accumulated in graded courses. Grade points are determined by multiplying the hours for a course by the grade points.
