

Tuesday, February 25, 2025

Dear Stein,

Congratulations! After a thorough review of your application, I am delighted to inform you that the Admissions Committee of the Department of Biomedical Informatics (DBMI) at the University of Utah, is **recommending you to the Graduate School for admission as a Master of Science student for Fall 2025***.

While the DBMI has recommended your acceptance, the Office of Graduate Admissions must conduct a final review of your application before you can be officially admitted to the University of Utah Graduate School. After their review of admission requirements have been verified, a formal notice of acceptance will be sent to you directly from the Office of Graduate Admissions. It may take up to 3 weeks to receive formal notice of acceptance. *Please check the email you provided on your application regularly for updates or requests for further documentation.*

If you agree to the terms below, **please respond to Eli Covarrubias (eli.covarrubias@utah.edu) to accept your position in the MS program by no later than 12 midnight on **Tuesday, April 15, 2025.****

Please carefully consider the following terms prior to accepting:

- I understand that I am being offered conditional admittance. I will be fully admitted upon approval of my application by the Office of Graduate Admissions. Upon full admissions, to matriculate to the University, I need to submit my "Intent to Enroll" confirmation through my application portal.
- I agree to participate in the **mandatory on campus department orientation** which will be held **on Wednesday, August 13, 2025**, as well as complete all online pre-orientation and other necessary requirements during the summer, before classes begin on Monday, August 18, 2025.
- I agree to follow the prescribed program of study for the 2025 cohort specific to my track and to arrange my personal and work schedules around courses and practicum times each semester.
- This is a non-funded position, i.e., it is my responsibility to pay tuition. I can find the current tuition for resident rates** [here](#) or non-resident rates** [here](#).

After we receive your response, more information will be forthcoming. If you have questions or require additional information, please contact Eli Covarrubias.

Sincerely,

Yves Lussier, MD, FACMI
Chair of the Department of Biomedical Informatics

* This offer of admission is valid only for the semester indicated. If you do not attend for the semester listed above, you must reapply by submitting another admissions application and fee to be considered for a future fall semester.

** Tuition rates are subject to change.
